WORK EXPERIENCE

Telstra   June 2024
Security Team Member · Part-time   *Remote*

Gained experience in handling a DDoS attack, responding to malware alerts, analyzing malware spread, and creating mitigation scripts. Compiled a detailed incident postmortem report highlighting response and prevention strategies.

Mastercard   June 2024
Identify and prevent security risks · Part-time   *Remote*

Learned about the risks of phishing, identified various types of phishing emails, and assessed vulnerable areas. Designed a phishing email simulation for employee awareness and analyzed results to deliver targeted prevention training, enhancing organizational security.
